NEW TRIAL FOR LUTTRELL Man Convicted of Murder Will

Again Try to Prove Innocence.

BRISTOL, TENN., January 7.—The Circuit Court converse at Blountville, ten miles west of Bristol, to-morrow, and the case of the State against Sylvester Luttrell is to go on trial for the second time. Luttrell is the Bristol man in whose sleeping apartments was committed last August the most atroclous murder in Bristol's history. At the midnight hour Letitla Glover, a woman forty years of age, was found in Luttrell's bed with her head literally chopped from her body, save for the skin being intact on the back of the neck. An ax had been used to accomplish this awful work of death, and, to add to the horror of the scene, whoever murdered the woman had also sunk the ax deep in her face, separating the nose and making a ghastly wound in the right check. Luttrell has always denied his guilt, but at the former trial, when he was sentenced to twelve years in the penitentiary on the charge of having committed the deed, a negro man testified to having looked through a window and sent the deadly blows struck by Luttrell. Again Try to Prove Innocence.

mitted the deed, a negro man testified to having looked throush a window and sen the deadly blows struck by Luttrell. Former Commonwealth's Attorney J. S. Ashworth, of Bristol, Va., is defending Luttrell, and he declares that he has absolute confidence in the innocence of his scient. The jury, Mr. Ashworth says, cannot now go beyond finding Luttrell guilty of murder in the second degree, since he has already once been pronounced guilty only to that extent. However, the jury, if it should see fit, might make the punishment twenty years in the penitentiary, instead of twelve.
